

Solid Silver Churn Shaped Pepper Mill / Pepper Grinder

£240

REF: P026

Height: 9.5 cm (3.7")

Weight: 166 g

Description

A Sterling Silver Pepper Mill designed to mirror the shape of an antique silver butter churn. This design has been popular since the Victorian era, and skilled silversmiths have worked hard to create a pepper mill that is both beautiful and practical. The interior of the Pepper Grinder is fitted with a durable metal mechanism.

This item can be purchased with a matching salt mill. The faux ivory & silver Churn shape is also often purchased to compliment the pepper mill.

Approx Size: 95mm (3.75 inches)
