

Sterling Silver Hot And Cold Taps T-Bat Cufflinks With Enamel

£158

Description

Sterling silver cufflinks designed in the form of traditional hot and cold taps, these cufflinks present a playful and distinctive motif. The contrasting red and blue enamel detailing highlights the functional inspiration behind the design, while adding visual clarity and character.

This expressive piece introduces a light-hearted element to formal attire, offering a subtle statement through form and colour. Great gift for a plumber.

Crafted in England from 925 sterling silver and bearing English hallmarks, these cufflinks are carefully finished and set with coloured enamel to define the hot and cold tap design. The torpedo fitting ensures ease of wear and a secure closure.
