

Silver Baby Rattle & Teether

£95

Description

A solid silver baby rattle with a sterling silver hoop that can be used as a baby rattle and teething ring, thus making this a practical as well as a thoughtful gift for a Christening or newborn baby boy or girl. Many silver babies rattles can only be displayed as an ornament, but baby can happily play with this rattle and as silver is known to be a natural antiseptic it is safe as well. This silver baby rattle and teething ring, which weighs approximately 22 grams and is 53mm in diameter, can be engraved with a name, date or special message. Comes in a presentation gift box.
