Style

CHRISTOPHER DRESSER

Sold

REF: AX-CDRTP

Height: 11.5 cm (4.5")

Width: 23.5 cm (9.3")

Description

A gorgeous Teapot is a reproduction of a design by the visionary Victorian Silversmith Christopher Dresser. Considered the first industrial designer, Dresser created spectacular items still sought after today. Sadly, the prices of these items follow suit. Here we offer a reproduction of one of his iconic teapots, created with close attention to detail and in exceptional quality.

The Teapot has a round form, a dark wood handle and stands on four feet.
